OUR FOOT & HAND IMPLANTS RANGE

Our range of highly specialized hand & foot implants provides specialized interventions for restoring dexterity and mobility to the extremities. The implants are meticulously designed to address a variety of conditions, from intricate fractures to degenerative joint tissues in the hands and feet. Crafted with precision from advanced, biocompatible materials, our solutions prioritize anatomical accuracy and long-term durability

HAND & WRIST IMPLANTS

Engineered for delicate anatomical structures, our hand and wrist implants provide precision fixation for fractures and deformities in metacarpals, phalanges, and distal radius/ulna.

Key Applications:

- Metacarpal and phalangeal fractures
- Distal radius and ulna stabilization
- Carpal instability and deformity corrections
- Micro and mini fragment fixation

Product Highlights:

- 2.0mm LCP Plates (Straight, T, Y, Micro Recon, Condylar, etc.)
- Locking and cortical screws in small diameters
- Micro locking plate system

FOOT & ANKLE IMPLANTS

Designed for stability, alignment, and fusion in complex lower extremity anatomy, our foot and ankle implants address trauma, deformity correction, and joint stabilization needs.

Key Applications:

- First MTP and TMT joint fusions
- Calcaneal and midfoot fracture fixation
- Flatfoot and hallux valgus correction

Product Highlights:

- LCP Fusion Plates (T-Plate, L-Plate, X-Plate, Cloverleaf, etc.)
- Anatomically contoured calcaneal plates
- 2.7mm locking and cortical screws

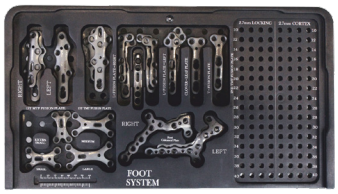
INSTRUMENT SETS

Precision instruments are critical for handling delicate bones and implants in the hand and foot regions. Our dedicated sets include all essential tools for measurement, drilling, plate bending, and screw placement.



Key Applications:

- Accurate drilling and depth measurement
- Screw insertion and extraction
- Intraoperative plate contouring and fixation
- Support for micro and mini fragment systems

Product Highlights:

- Micro Locking Plate 2.0 Instrument Box
- Foot System Set (2.7mm &amp mini fragment tools)
- Includes: Screwdrivers, drill sleeves, depth gauges, drill bits, bone taps, plate benders
- Supplied in compact sterilization-ready trays
